Naming MetaMajors

⤨

Q8   Allan Hancock College is structuring majors and programs so they are grouped in more student-friendly ways with direct connections to students' career and educational goals.   For example, some colleges use the following groupings to organize their majors:

 Arts, Media and Entertainment
 Business
 Communication
 Education, and Language
 Hospitality and Recreation
 Industrial Manufacturing Technologies
 Public Safety
 Science, Technology, Engineering and Mathematics

 What would you call these broad groupings of majors? Please select the option below that you identify with the most when looking for a major.
